It's easy to jump. Just leave the solid trail behind you and soar into space.

But before you jump—learn how to land! One man can alight gracefully and continue his course. Another will wrap his skis around his head and end up in the hospital.

There are important life-decisions we often describe as "taking the leap." Going to college, choosing a career, getting married—these are just a few. And these "leaps" lead to happiness for some—and tragedy for others.

The Church with its program of worship and religious education makes essential contributions to our life. For what happens after our major "leaps" depends on the character which has been instilled in us, and on the principles by which we live.

The Church prepares us for the leaps we are going to take by teaching us how to land happily, and to continue a right course through-out life.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Please go to church regularly and read your Bible daily.

Obituary

Miss Marie Therese Sandoz, daughter of Mrs. Joseph R. Michel and the late Rodney L. Sandoz, of Old Spanish Trail, Bay St. Louis, and Mr. Gerald Joseph Beaugez of Ocean Springs and Biloxi, son of the late Mr. and Mrs. Louis Beaugez, were married in a double ring ceremony at 11 a. m. Saturday at Our Lady of the Gulf Catholic Church.

The Rt. Rev. Msgr. Martin Moloney performed the ceremony before an altar trimmed with vases of white chrysanthemums and gladioli.

Tall baskets of the white blossoms and potted palms were on either side of the altar. Professor Jos. Hemmersbach, organist, accompanied Mr. and Mrs. Conrad Mauffray, who sang Ave Maria and O Sanctissima.

Given in marriage by her stepfather, Mr. Joseph R. Michel, the bride wore a floor length gown of Chantilly lace and tulle. The fitted bodice featured a scalloped neckline embroidered in sequins. The long sleeves ended in points over the wrists. Her fingertip veil of imported illusion was held in place by a small tiara of seed pearls and sequins and she carried a spray bouquet of lilies of the valley centered with a white orchid. Her only jewelry was a string of pearls, a gift of the groom.

Miss Rose Mary Compretta was maid of honor and bridesmaids were Miss Marie plena Vassali.

Retirement News Of Interest

Many people past retirement age in the Gulf Coast area are losing money because they believe that they must stop working completely in order to get social security. According to Mr. Jerome Drane, District Manager of the Gulfport social security office, this is a common misunderstanding.

Any person who gets old-age benefits may earn up to \$1200 a year and still receive his benefit check every month after he is 72.

In 1961, retired workers getting social security checks will have \$1 taken out of their checks for each \$2 they earn over \$1200 and up to \$1500. For earnings above \$1500 every dollar earned will mean \$1 less in benefits. For example a man earning exactly \$1500 would get \$150 less in benefits. A man earning \$2000 would have \$650 deducted from his social security checks for that year. No matter how much the

Competing For New Industry

It is true that industry is moving South, and there is every indication that the trend will accelerate. Competition, however, is very keen for each new factory. The attractive and desirable community has a big edge in competing for new plants and payrolls. Teamwork, sound planning and aggressive salesmanship are highly effective tools which every industry-conscious locality can develop.
